Good Afternoon Russell

I wanted to respond to some of the legislative items in the media recently. Here are a couple of bills that would be of interest to our School District:

- HB 205- Private School Tax Bill
- SB 1- School Safety and Resiliency Act (no funding set aside for this bill)
- HB 525-Teachers' Retirement System Board of Trustees Reorganization
- SB3- Site Based Decision Making Council Reform
- SB 8- Teacher Tribunal Reform

I am working closely with our legislators, REA leadership and other local school districts to continue to advocate for Russell Independent Schools. In the coming days I hope to work with REA to allow representation for our School District in Frankfort. Please take the time to review the aforementioned bills and keep up with what is happening in the legislative process. Our kids deserve strong advocates for public education. I hope that we can accomplish this with as little disruption to the education of our students as possible but continue to advocate for public school districts across Kentucky.

If you have questions or concerns please contact my office.
